Lighting The Way to the Future!

Over Pesach, we launched a campaign to renew the lights in the ceiling of our Beis Medrash.

- Our current bulbs burn out quickly, causing replacement costs and inconvenience.
- The distribution of light is uneven, and even spotty, in some places.
- The costs to keep the lights on are outrageous!

After reviewing several options, and at the recommendation of lighting consultants, we have decided to replace the fixtures in the ceiling with super-efficient LED light panels.

- The bulbs in these new fixtures have an expected 9-year life!
- The light (measured in LUX) will be brighter, and spread out better!
- We will save close to 10,000 NIS EVERY YEAR on electricity costs!

We need 70 people to "raise their hands" and commit \$100 each to make this happen.

To date, we have received commitments for **43**. It is a tremendous zechus to become a provider of the shul's "ner L'ma'or" for learning and davening for decades upon decades to come!

Please contact Aryeh Sonnenberg, Dr. Stern, or the office to get a share in this incredible project.

חינוך

The *Minchas Chinuch*, written by Rabbeinu
Yosef Babad, is one of the more famous
אוצר ספרים in the Jewish חיבורים. The sefer
famously expounds upon the 613 mitzvos of
the Torah, using the Sefer HaChinuch as its
base, and provides a rich source of
commentary, clarifications, answers to
common situations, and interesting and
fascinating *shaylos*.

The shiur will be given by Rav Malinowitz,
shlita, providing an opportunity to learn the
material with someone capable of ensuring
its clarity and understanding. This is not-to-
be-missed!!!
