**BTYA Torah Programming  
Melave Malka**

Based on the almost-100% attendance crowd, the BTYA Torah Programming Melave Malke was BH a tremendous success! Thank you all so much for coming and showing your support for this most important of causes, the Torah-learning of your fellow-members, and for the Shul as a mokom Torah for all.

We, of course, look forward to your continued regular support, both in terms of your coming to learn in the Beis Medrash, as well as your financial support, so that we can both continue the wonderful programs that we already have, as well as expand upon them.

Thank you to the Kaplans for doing a fantastic job (as always) with the catering, setting up and cleaning up too! Thank you to Seth Grossman and Mike Kashnow (yes, that's really his name; it's just happy coincidence if it reminds you of .....). They reminded us how learning isn't just a means to acquiring knowledge, but rather, it should be something that you want to do, and how it changes who you are.

Thank you to Rav Moshe Goldstein, sh"lita, who emphasized the importance of learning and supporting Torah, and how he was "blown away" with what great programming we already have; how we couldn't make it any easier for anyone to come and acquire their share of the Torah. There is something for everyone, on every level, virtually every topic.. If there's something missing that you want, please tell us!

Thank you to Naftali Rischall, for emphasizing the chashivus of supporting Torah. While all tzedakah is certainly chashuv, Naftali reminded us what the Rav has told us many times: supporting the Torah of your "k'rovim" is our number one tzedakah obligation. His story from the Chafeitz Chaim moved us all to internalize how much more valuable the Torah is than money, and if we can acquire the zechus of limud Torah by financially supporting it, it is us who are getting a 'steal' of a deal.

And thanks to the Torah-programming crew, who, with the fantastic skills of Mrs. Padowitz and Miss Loring, together with an important assist from Benjamin Fishman, produced a most beautiful event on what was essentially a moment's notice.

**Summer Oneg**

The summer version of the Oneg, learning selected Rambans on the parshah, got off to a great start last week....

BH, over 10 participants. As noted, we are starting with a bi-weekly schedule, which means we will NOT meet this week, and will be back next week (פרשת שלח).

In the Shul - new starting time, 9:15 PM.

**Master Shas**

R' Meir Pogrow's Master Shas program is starting משניות סדר טהרות this Sunday.

R' Meir's shiurim are the essence of clarity, and they are delivered in such a way to enable you to review and to RETAIN your learning.

Shiur is given live in RBS, 6 days a week, from 5:30-6:00 AM, followed by an hour of Chazzora, or you can join the hundreds of people across the community and around the world who listen to the recordings and review on their own schedule.

For more information about the local chaburah, contact Ari Rosenstein, Yosi Leff, Aryeh Sonnenberg, Pesach Chapler, Mutti Frankel, Baruch Labinsky, Dan Schaeffer, or Efraim Rosenbaum.

Get the idea? It doesn't make a difference what your background is or what you do during the day...

**Se'if 46**

We're pleased to announce that the Shul's section 46 designation is back!

Mas Hachnassa should honor these receipts now, so head on over and get your rebates.

Thank you very much to Mrs. Kagan and to Shimon Weiss on the tremendous amount of work they have had to do over a very long amount of time to make this happen.

If you have any questions, write to yael.kagan@bezeqint.net.

**Invitation To the Women Of BTYA**

I would like to invite the women of BTYA (and of the entire RBS community) to join our weekly Sunday night interactive Shiur, for women, at the home of the Schaeffers, Nachal Maor 12/1, 9:15 PM to 10 PM.

We have, BH, now learned through Shaar HaBitachon and Shaar Avodas Elokim, and will iyh commence Shaar HaBechinah; but first we will learn the CH's amazing hakdama (introduction) to his sefer, where he explains why he wrote the sefer, his goals in doing so, his ups and downs in deciding whether or not to write it, and his personal angst at reaching the decision to do it.

Join us, and iyh you will, before you know it, be able to celebrate the siyum of this sha'ar!
