

A Message from the Rav on Emunah and Bitachon

Morai VeRabosaiy, and Ladies of BTYA:

Since Rosh HaShana, I have been talking about various aspects of *emunah*, *bitachon*, and awareness of HaShem's presence in our lives.

I suggested learning the *shoresh hamitzva* from the *Sef'er Hachinuch* (perhaps at the Shabbos table). Also, that we increase awareness of the 6 constant mitzvos (which are basically HaShem-awareness).

And finally, contemplating the 30 *cheshbonos* of the Chovos HaLevavos in Shaar Cheshbon haNefesh (which R' Shmuel Bisk actually has been sending out—one a week—on Sundays, to his I-MINUTE -avodah subscribers).

A) I have come across a sefer called "Ta'amei Sefer Ha-Chinuch" where the author has printed the Chinuch on all 613 mitzvos, but ONLY the paragraph stating the basic description of the mitzvah, and the paragraph stating the *shoresh hamitzvah*. This is perfect! This sefer just came out and is authored by David Shoonmacher (was the author by my Shabbos Shuvah derasha?), who can be reached at 052-765-7278, or at

Lifecycles

Mazel Tov to Dr. Efraim and Allison Rosenbaum on the birth of a granddaughter, born to their children Yanki and Eliana Berson. The Kehilla is invited to a Kiddush this Shabbos after davening, at the Rosenbaum home, 90 Nahar Hayarden.

Shabbos Oneg

The oneg this week will be at 8.30pm at the home of family Baum, 11/2 Nachal Alexander.

As always there will be chulent, nash and drinks.

This week's oneg will be discussing *hashgacha peratis*, learning the Rishonim on the subject and then discussing them (and maybe any other topic that HaShem decides that we should discuss!).

Important Lecture for Parents

There will be a TREMENDOUSLY IMPORTANT talk being given on Monday evening, November 30 (ohr l'19 Kislev), IY"H.

It is as important a talk as you are likely to hear, as parents.

The speaker is

DR. ISAAC SCHECHTER

from Monsey. It is *not* about "protecting your children" (although in a certain sense, I guess it is).

Please block off this date, and make arrangements so that

BOTH FATHERS AND MOTHERS can attend.

It will commence after the 8 pm ma'ariv (plan to be there at 8:15, as seating will be very limited) in Ulam Shabsai.

Thank you.

rdsvaad@gmail.com to find out where the sefer is sold, or to order it. You can also contact Asher Resnick, who has kindly offered to obtain the sefer for whoever wants one. If you want to see the sefer before ordering, I have left my own copy at shul for your perusal.

B) There are many sefarim and even videos and audio explanations of the 6 constant mitzvos on the web. And of course there is the sefer The Six Constant Mitzvos by Rav Yitzchok Berkowitz.

(The links to shiurim by Rav Noach Weinberg are available online at btya.org/?p=3968).

AND—I have a wonderful series of articles by a Mrs Shani Mendlowitz on the 6 constant mitzvos, and will send them to you upon request.

C) I have made copies of the 30 *chesbonos* of the CH from the sefer Kitzur Chovos HaLevavos (and they, too, are *b'kitzur*). I can send it to you via e-mail if you wish to study them and contemplate their points. Or you can subscribe to R' Shmuel's mailings (see link online), and ask for back mailings from when he started this series.

So HaShem is making it quite easy for you to really really do this!

Rabbosai and Ladies—HaShem has done His—now it's your turn!

Thank you.

Change of Lighting

First, we appreciate everyone's understanding of the lighting work that occurred this week in the back of the bais medresh. A very special thanks to Jonathan Sassen who saw an opportunity to save the shul money, and he managed the whole project! Each LED panel uses 50% less energy than the florescent lights, and because of the brightness, we were able to do away with 10 fixtures. Overall, BE"H we will see an overall savings of over 10,000₪ a year in our electricity bill!!

Thank you to **Alex Vaknin the Electrician** (052-565-5555) for donating the electrical work, valued at about 2000₪.

Special thanks to Aryeh Sanders, who unbeknownst to most, took upon himself the upkeep of the old fluorescent fixtures for a long time. A difficult, hazardous, and painstaking job, indeed!
